

Channel 4 is making a new series about multi-generational households. We're looking for large groups of friends and/or families who are hoping to buy a large property together in order to pool resources and create a better standard of living.

**Are you thinking of buying a dream house with your extended family or a big group of friends that you would otherwise not be able to afford?**

**Have you already found a place to buy? Or are you still looking?**

If this sounds like you, and you would like to hear more about a major new Channel 4 TV series that gives assistance to people like you, then please get in touch now...
